Alliance 2015

towards the eradication of poverty

**Alliance2015  
CAMBODIA**

TI Heak (42) shows off her bumper rice harvest thanks to an innovative rice cultivation technique that doubles her yields.  
Conor Wall / November 2011 / Pursat, Cambodia.

## What is Alliance2015?

**Alliance2015** is a partnership of seven European like-minded non-governmental organizations working in the field of relief & development cooperation. Our goal is to combine efforts in fighting poverty in developing countries and influencing public and political opinion, particularly in Europe.

In 2011, Alliance2015 members contributed to the Millennium Development Goals by implementing projects in **76 countries** with a total budget of over **780 million USD**. Out of this, 5.7 million USD was provided for assistance in Cambodia.

In emergencies, Alliance2015 members respond quickly, effectively and creatively, addressing the basic needs of affected populations. In the development context, we build on our collective long-term expertise, especially in food security, health, water and sanitation, education and environmental protection.

Local villager, Hoeung Seang, teaches other villagers about simple techniques for investing, saving and managing profits. Conor Wall, 2011, Pursat

## Why do we work together?

We believe that by cooperating with organizations who share the same principles, we can make our work more effective. Together we can aggregate ideas, strengthen our voice, reduce our operating costs, gain access to more resources and **achieve a greater impact** on the lives of those in need.

## Who are the Alliance2015 members in Cambodia?

Five out of the seven Alliance2015 members have a presence in Cambodia. We meet on a regular basis to exchange information, discuss opportunities and coordinate our interventions:

- ❖ **ACTED** works on sexual & reproductive health targeting most at risk populations in Phnom Penh and Kandal province;
- ❖ **Cesvi** has worked in the public health sector in Cambodia since 1996 and currently focuses on sexual and reproductive health and water & sanitation in Kampong Chhnang and Kampong Cham provinces;
- ❖ **Concern** builds upon its 20+ years of experience in Cambodia by implementing livelihoods and water & sanitation programs for the extreme poor in Pursat province;
- ❖ **People in Need** (PIN) works on improving maternal and child health, enhancing poor people's livelihoods and protecting the environment in south-eastern Cambodia;
- ❖ **Welthungerhilfe** has strong expertise in food & nutrition security, as well as natural resource management and focuses on work with indigenous people in remote areas of Cambodia.

## Alliance2015 areas of intervention in Cambodia

Orange areas show provinces where Alliance2015 partners work in 2012

## What are Alliance2015 members working on together in Cambodia?

- ✓ **Joint projects** – Concern & PIN continue to implement co-funded livelihoods projects.
- ✓ **Alliance2015 strategies** – we outlined a joint emergency preparedness plan, which became a great advantage in 2011, when we responded to the massive floods in Cambodia.
- ✓ **Collective advocacy** – we advocated for a revision of different drafts of the Law on Associations and NGOs. As part of our aid effectiveness campaign worldwide, we also worked with Cooperation Committee for Cambodia (CCC). Currently we focus on contributing to a strategic dialogue on Economic Land Concessions in Cambodia.
- ✓ **Sharing thematic knowledge** – ACTED, Cesvi and People in Need work on sexual and reproductive health, enabling us to share our know-how and design new projects.
- ✓ **Resource, expertise and information exchange** – we share offices and build our technical expertise.

Floods in Kampong Chhnang province  
Veronika Štastná, October 2011
